FORFEITURE OF RIGHT OF REGISTRATION. ERASURE OF NAMES.

37. Any entry in the register proved to the satisfaction of the Council to have been fraudulently or incorrectly made may be erased from the register by an order in writing of the Council.

38. If any person procure, or cause to be procured, his registration under this Act by means of false or fraudulent representations or declaration, either verbally or in writing, it shall be lawful for the Registrar, upon the receipt of sufficient evidence of the falsity or fraudulent character of said representations or declaration, to represent the matter to the Coun-

cil, and upon the written order of the President, attested by the seal of the College, to erase the name of such person from the register, and to make known the fact and cause of such erasure by notice to be published in the British Columbia Gazette; and after such notice has appeared, the person whose name has been erased as aforesaid, shall cease to be a member of the College and shall cease to enjoy any of the privileges enjoyed or conferred by registration under this Act at any future time, without the express sanction of the Council.

39. Any registered medical practitioner who shall be convicted in any Court of Justice, either in this Province or elsewhere, of any indictable offence, may thereby forfeit the right of registration, and by direction of the Council his name may be erased from the register; and in case a person known to have been convicted of an indictable offence, either before or after the passage of this Act, presents himself for registration, the Registrar shall have power to refuse such registration, unless and until the Council shall, after investigation, direct registration to be made; and if any person registered under this Act, shall, after due inquiry by this Council be adjudged to have been guilty of infamous or unprofessional conduct in any respect, either before or after the passage of this Act, the Council shall direct the Registrar to erase the name of such person from the register.

40. The Council may, and upon receipt of a written statement signed by three members of the College or two Justices of the Peace acting jointly, or by one person having the power to do alone whatever is authorized to be done by two Justices of the Peace, that the matter is one worthy of inquiry, shall, cause inquiry to be made into the case of the person alleged to be liable to have his name erased under the last preceding section, and on proof of such conviction or of such infamous or unprofessional conduct, shall cause the name of such person to be erased from the register.

(1) The Council shall cause, where the inquiry was called for by written statement as aforesaid, to be filed with the Provincial Secretary, the synopsis of all proceedings, including minutes of evidence had or taken by or before the Council, in connection with any application against a registered medical practitioner for infamous or unprofessional conduct:

(2) Such copy of such minutes shall be filed within thirty days after the determination of the Council thereon;

(3) Provided, that the name of a person shall not be erased under this or the last preceding section on account of a conviction for a political offence, nor on account of a conviction for an offence which, though within the provisions of the last preceding section, ought not, in the opinion of the Council, either from the trivial nature of the offence or from the circumstances under which it was committed, to disqualify a person practising under this Act:

(4) It shall be deemed "unprofessional conduct" on the part of any medical practitioner registered under this Act, to place or permit to be placed the name of any druggist, or drug store, or association for the sale of drugs or medicine upon any prescription issued by him.

41. The Council may order to be paid out of any funds at their disposal such costs, as to them may seem just, to any person against whom any complaint has been made, which, when finally determined, is found to have been frivolous and vexatious.

42. Where the Council directs the erasure from the register of the name of any person or of any other entry, the name of that person or that entry shall not be again entered on the register except by the direction of the Council, or by the order of a Judge of the Supreme Court, or the Full Court, on an appeal as hereinafter provided.

43. If the Council think fit, in any case, they may direct the Registrar to restore to the register any name or entry erased therefrom, either without fee, or on payment of such fee, not exceeding the registration fee, as the Council may from time to time fix, and the Registrar shall restore the same accordingly.

44. The Council shall, for the purpose of exercising in any case the powers of erasing from and of restoring to the register the name of any person or any entry, ascertain the facts of such case by the Executive Committee; and a written report of such committee may be acted upon as to the facts therein stated, for the purpose of the exercise of the said powers by the Council.

45. The Executive Committee shall meet from time to time for the dispatch of business, and, subject to the provisions of this Act and of any regulations from time to time made by the Council, may regulate the summoning, notice, place, management and adjournment of such meetings, the appointment of a chairman, the mode of deciding questions, and generally the transaction and management of business, including the quorum; and if there be a quorum the Executive Committee may act, notwithstanding any vacancy in their body. In case of a vacancy, the Executive Committee may appoint a member of the Council to fill the vacancy until the next meeting of the Council.

46. The Council or the Executive Committee may, in the hearing of complaints or making inquiries as herein set out, associate with themselves as a member of such Council or Committee one of the Judges of the County Court, who shall be entitled to a fee of twenty-five dollars out of the funds of the College for each and every day he may sit as a member of such Council or Committee, and may employ, at the expense of the College, such legal or other assistance as the

Council may think necessary or proper; and the complainant, or the person whose conduct is the subject of inquiry, shall also have the right to be represented by counsel.

47. At least two weeks before the first meeting of the committee to be held for taking the evidence or otherwise ascertaining the facts, a notice shall be served upon the person whose conduct is the subject of inquiry, and such notice shall embody a copy of the charges made against him, or a statement of the subject-matter of the inquiry, and shall also specify the time and place of such meeting. The testimony of witnesses shall be taken under oath, which the chairman, or acting chairman, of the committee is hereby authorized to administer, and there shall be full right to cross-examine all witnesses called, and to call evidence in defence and reply. In the event of the non-attendance of the person whose conduct is the subject of such inquiry, the committee may, upon proof of personal service of the notice aforesaid, in accordance with the provisions of this section, which proof of service may be by statutory declaration, proceed with the subject-matter of the inquiry in his absence, and make their report of the facts without further notice to such person.

48. No action shall be brought against the Council or the said Committee for anything done bona fide under this Act, notwithstanding any want of form in the proceedings, but the complainant, or any person whose name has been ordered to be erased from the register, shall be deemed to have and to have had a right of appeal from the decision of the Council to any Judge of the Supreme Court of British Columbia, at any time within three months from the date of such decision; and such Judge may, upon the hearing of such appeal, reverse, alter, amend, order further inquiries by the Committee or Council into the facts of the case, or make such other order, either as to costs or otherwise in the premises, as to the said Judge may seem right: Provided that an appeal shall lie from

the decision of such Judge to the Full Court within three months thereafter, and the said Full Court is hereby declared to have all the powers which may by this Act be exercised either by the Committee or Council or the Judge appealed from.

49. The appeal may be by notice served upon the Registrar, and shall be founded upon a copy of the proceedings before the Committee, the evidence taken, the Committee's report, the order of the Council in the matter, the reasons therefor, certified by the Registrar; and the Registrar shall, upon the request of any person desiring to appeal, furnish to any such person a certified copy of all proceedings, reports, orders, reasons, opinions and papers upon which the Committee or Council have acted in making the order complained of: Provided always, that when the evidence on the inquiry is taken by a stenographer the Registrar shall not be compelled to furnish the same, but the person desiring to appeal shall obtain the same from such stenographer.

50. No appeal herein, of which notice within the time limit aforesaid has been given, shall be defeated upon any ground whatsoever, but shall be heard and determined by the Judge, or the Full Court, as the case may be, upon the merits.

EVIDENCE OF REGISTRATION AND OF PRACTISE FOR GAIN.

51. In any trial under this Act the burden of proof as to registration shall be upon the person charged.

52. In all cases where proof of registration under this Act is required to be made, the production of a certificate that the person or persons therein named is or are duly registered, certified under the hand of the Registrar of the Council for the time being and seal of the said College, shall be sufficient evidence of such registration in lieu of production of the

original register; and any such certificate purporting to be signed by any person in the capacity of Registrar of the Council under this Act, shall be prima facie evidence that such person is such Registrar, without any proof of his signature or of his being in fact such Registrar.

53. The Registrar of the Council shall from time to time, under the direction of the Council, cause to be printed and published a correct register in the form set forth in the First Schedule to this Act, or to the like effect, of the names of all persons appearing on the register, as existing on the day of publication, in alphabetical order according to their surnames, with their respective residences, and together with the medical titles, diplomas and qualifications conferred by any College or body, and the dates thereof.

54. A copy of such register for the time being purporting to be so printed and published as aforesaid, shall be prima facie evidence in all Courts, and before all Justices of the Peace and others, that the persons therein specified are registered according to the provisions of this Act.

55.
